MISS WATLINGTON'S RECEPTION.

A Social Event That Will Long Be Remembered.

Miss Hattie Watlington's reception, given at her home on South Elm street, from 8 to 12 o'clock last evening, in honor of her accomplished visitors, Miss Iry Edwards, of Richmond, and Miss Ruby Siewers Blum, of Winston, was one of the most successful social affairs given in Greensboro in many months.

The house had been elaborately decorated by deft hands, the decorations being as beautiful as any ever seen in Greensboro society circles. The dining room was lavishly embellished in green and sunflower, the latter furnishing the prevailing color. In the sitting room ivy and myrtle were thickly arranged on every side, red or pink prevailing. The parlor, adorned in ivy and roses, presented, perhaps, the most attractive scene.

The ever bewitching hostess was charmingly attired in a beautiful evening dress, and assisted by the capable L. W. Crawford, Jr., master of ceremonies, made the enjoyment of the guests begin when they reached the house. That the ecstatic joy, thus started, prevailed until the midnight hour is evidenced by the talk of the guests today.

The refreshments, consisting of salads, pickles, Saratoga chips, ice cream, cake, etc., were served in a most graceful style at 10:30 o'clock.

Those in whose memories the happy event will remain fresh for time to come were:

Misses Iry Edwards, of Richmond, and Ruby Blum, of Winston, guests of honor; Nellie Pool, Lizzie Balesley, Nellie and Bessie Merrimon, Mary Goolsby, Ruby Eldridge, Lola Reid, Male Small, Bertha Wheeler, Daisy Carraway, Lettie and Virginia Shober, Jennie Tatum and Lucy Coffin, of this city, and Mary Hancock, of Washington, D. C., Nan Webster, of Winston, Ella Godfrey, of Philadelphia, Josephine Smith, of Charlotte, and Eliza Hilliard, of Lexington.

Messrs. L. W. Crawford, Jr. (master of ceremonies), Richard M. Crawford, Arthur Rankin, Robt. Goolsby, of Virginia, Eugene McNairy, George Patterson, Henry Tate, Charles Murray, John Michaux, Charles Andrews, Charleston P. Younts, Frank Eldridge, Chas. W. Burnside, Wesley White, Alex. Alford, James Mann, J. DeWitt Kase, Jr., Tom Coffin, Walter Ridenhour, Chas. J. Lamb.

Meddame Teague, Tatum, Ballance, Alford and Merrimon.

During the evening a number of vocal and instrumental selections were rendered.

Mr. Richard Crawford took a flash light picture of the merry party while they were assembled in the dining room.

A HORRIBLE CRIME.

A White Baby Found in the Woods Near Bethania—Winston Items.

Special to THE TELEGRAM.

Winston, August 16.—Sheriff E. T. Kapp and Coroner Dr. A. Y. Linville were notified yesterday that the remains of a white infant had been found in the woods about two miles from Bethania. An investigation proved that the report was correct. The body had been covered with dirt, leaves and brush, but dogs and buzzards had dragged it out and almost stripped it of flesh.

Sheriff Kapp and Dr. Linville made some inquiry and were told by an old colored woman that a young girl, Florence Butler, aged 19 or 20, was suspected of being the mother of the infant. She was found and questioned about the affair, finally acknowledging that it was her child. She said the child was born on Friday, August 4, and that it was born dead. She claims that she buried it herself in the woods, and that her parents knew nothing of it until last Monday. The body was not found until Sunday, August 13. The case has been reported to Solicitor Griffith, of the criminal court, and left in his hands for action in the matter.

It is learned here that the outcome of the trouble between the military company and citizens at Mt. Airy is that the citizen who was locked up Saturday night was released and that Captain Belton, one lieutenant and one corporal are in jail at Dobson. It seems that after arrest of the citizen who was charged with interfering with the drill of the military boys, the tables were turned and the three officers mentioned were arrested and tried, and in default of \$500 bonds were carried to jail. It is said that they went away smoking cigarettes and in a jolly good humor.

The governor was telegraphed the situation and a message from him contains instructions to hold the equipment of the military company as it belongs to the state. The company is known as the Granite City Guards.

Ladies who like nice shoes, good shoes that fit well, feel comfortable, look dainty and wear well should look at Thacker & Brookmann's new line of Baltimore made Goodyear welts. They come button and lace, all sizes and all sold at \$2.75.

COURT WILL NOT ADJOURN

But the Trial of Captain Dreyfus Will Proceed.

PRISONER MOVED TO TEARS

In Court this Morning and Others Wept When the Pitiful Tale of His Sufferings was Told.

By Cable to THE TELEGRAM.

Rennes, August 16.—The court martial was resumed this morning. M. Demange applied for adjournment on account of the absence of Labori. Carriere opposed it very vehemently, making a stump speech. He read the certificate of Labori's physicians, which, however, was a weak point as it only said that it might not be possible that Labori would attend by Monday. Carriere dilated on the fact that the entire world is anxiously awaiting a decision, and the necessity of ending the suspense. The court retired for twenty minutes, and returning, unanimously refused adjournment on the ground of insufficient reasons.

DUCLAM DISGUSTED.

Paris, August 16.—L'Autorite announces this morning that it is authorized to say that Ex-Lieutenant Colonel Du Patry Duclan is anxious to declare everything he knows regarding the Dreyfus case. He is completely disgusted with the treatment Dreyfus has received at the hands of his former associates.

DREYFUS BREAKS DOWN.

Rennes, August 16.—Dreyfus' iron nerve gave way this morning and he wept in court. Others also wept, which followed the reading of the records of his imprisonment and the recital of the tortures he endured under the orders of Minister Lebon whose testimony brought out the facts.

A PEST HOUSE PUZZLE.

Judge Adams Has a Client After Burlington Town.

The end of the smallpox scare in Burlington is not yet. Another lawsuit in which the value of the Burlington pest house will be involved is to be brought up. It's this way: When smallpox first made its appearance in Burlington the town decided to use a small house belonging to J. W. Massey as a pest house, making it seem a very lax agreement with him. Now that it is all over Mr. Massey claims that he cannot get a tenant for the house because everyone is afraid to live where the smallpox patients were kept. He will therefore sue the town of Burlington for the value of the property. Ex Judge Spencer B. Adams, of this city, has been retained as counsel for the plaintiff and went to Graham today to arrange the complaint. The judge considers it is a good case for his client.

NEW ROAD FOR TENNESSEES.

New York Banker Constructing a Competitor of the Southern.

The World says: Henry J. Braker, a wealthy banker and importer of this city, is at the head of a syndicate promoting a railroad to be built through Tennessee, which will prove a strong competitor of the Southern Railway. He has recently secured control of the Morristown & Cumberland Gap Railroad, running from Morristown to Corrytown, forty miles distant, on the Knoxville, Cumberland Gap & Louisville Railroad, now controlled by the Southern Railway.

Mr. Braker has had himself elected president and has changed the name of the road to the Knoxville & Bristol. He is now surveying a line from Bristol to Tate Spring, a distance of 100 miles and from Blaine to Knoxville, a distance of eighteen miles. By building these two links the Knoxville & Bristol Railroad will have a through line connecting the two places and practically paralleling the tracks of the Southern.

At Bristol a coalition and traffic connection will be made with the Norfolk & Western Railroad. The new line will connect with the Atlanta, Knoxville & Northern Railroad at Knoxville. This road reaches south to Marietta, Ga., twenty miles north of Atlanta. The building of these links will establish a through and independent line in connection with the Norfolk & Western and the roads mentioned from Harrisburg, Pa., to Atlanta, Ga.—New York Dispatch, 13th.

A Pleasant Meeting.

Quite a number of persons met by those who attended the Buena Vista Lodge, No. 21, of Odd Fellows, last night. A number of visiting fellows were present to enjoy the proceedings. The initiatory degree was conferred and a big time was had all round. After the business of the meeting was disposed of, cream and cake were served and heartily enjoyed.

HIGH POINT, N. C., August 16. }

Miss O'Brien, of Winston, is visiting Mrs. Lee Payne.

Miss Minnie Smith left this morning for Reidsville, where she will visit several days.

Dr. S. R. Peck and D. Boyd Kimball, of Charlotte, were in the city yesterday.

The John A. Bain land was sold at public auction on the premises today at 12 o'clock.

J. D. Patternee, of Chester, S. C., and R. L. Bennett, of Virginia, were guests of High Point last night.

The Misses Shiplett, Mabry and Miss Kelly came up from Thomasville last evening and attended the german.

Lewis P. Moore arrived here last evening from Roanoke, and spent today here, leaving at night for Statesville.

Will McAdoo and Miss Minnie Hamilton, of Greensboro, and Wm. B. Hill, of Danville, attended the reception and german here last night.

Mrs. C. A. Hamner and Miss Clara Hamner left this morning for Washington city to spend some time. Mrs. Hamner goes there for treatment.

The Globe Furniture company are putting in new machinery this week and will, we learn, at an early date enlarge the plant so as to meet their increasing trade.

Don't you want to see "Wilmington on the Cape Fear" and the grand old Atlantic ocean? If so, go on the excursion which will be operated from Asheboro and High Point to Wilmington next Friday. Fare \$2.00.

A check for \$1,450.00 which was made in favor of H. A. Moffitt, and sent by him to Asheboro a few days since has never reached its destination as yet. Mr. Moffitt warns the public not to take the note under any consideration.

Last night about half past seven o'clock, Ed Mills went into Geo. A. Matton's drug store for something. His bird dog followed him. On going he missed his dog and at once whistled, when the canine, who was inside the store, made a jump against one of the screen doors, throwing it back against the seven by three feet plate on the left as you enter. The door came forward with much force the knob or something striking the glass close to the bottom shattering it to pieces.

The reception and german given by the young men of the town complimentary to the visiting young ladies in the rooms of the Business Men's Association last night was a success in every particular. A goodly number were present—several from a distance. The refreshments were delightful and thoroughly enjoyed, especially by the dancers after their rounds upon the floor. The music was furnished by the High Point orchestra. The dancing commenced about 10:30 o'clock. There were some 21 couples on the floor. The occasion will be long remembered by the young ladies, who are loud in their praises for the young gentlemen who so thoughtfully got the dance up and so nicely conducted the same.

A cripple by the name of Maxwell from Reidsville is in the city visiting his grandmother, Mrs. Billings. The unfortunate's legs are twisted and drawn in a horrible manner. He uses his hands as well as his feet in walking, using wooden blocks with hand holds in them to protect these members of the body. He was attacked with brain fever when only three years old which settled in his back and left side causing the deformation. He looks as if he enjoyed health, and seems to get around with ease, walking as fast as the average man. When at home he does most of his travelling in a wagon drawn by a goat. How thankful we more fortunate mortals should be.

MURDER! FIRE!! POLICE!!!

A Test of the Shaking Capacity of the Knees of Three Young Men.

About 10 o'clock last night some person with evil intent entered the Cooper House, and quietly stole upstairs. It is not related that he stole anything else. A party of young people were gathered in the parlor and heard the miscreant stepping lightly in a room above. A panic ensued and only one young man could muster courage to ascend the steps and make an investigation. While this young man nervously searched for his pistol the burglar went through a window to the roof of the back porch, and from there made away. None of the young men expressed regrets that he was not caught.

SENATOR MARTIN PLEASED

With His Senatorial Prospects in Virginia.

THE DEMOCRATIC OUTLOOK

In Ohio, Michigan and Illinois Is Very Encouraging, Especially in Michigan.

Special to THE TELEGRAM.

Washington, August 16.—Much interest is felt in Washington in the outcome of the primaries in the Alexandria district for the house of delegates. The candidates are Messrs. Caton, a well known attorney of Alexandria, and Frank Hume. On account of the late gentleman's prominence as a business man of Washington who would like to see him successful in his efforts to secure a seat in the general assembly. The senatorial contest in Virginia is not cutting much prominence in the contest, as both Hume and Caton are understood to be in favor of the reelection of Senator Martin. Mr. Hume has been a member of the Virginia house of delegates and has held various offices in the county, in all of which offices he has served with credit and distinction. He is a thorough business man, as is proved by his wonderful success in business in the capital city, and if the democrats of Alexandria county should nominate him for the legislature there is no doubt but that he would prove a business representative. Mr. Caton, on the other hand, is a lawyer of distinction in the state of Virginia, and is also thoroughly equipped for duties as a member of the Virginia legislature.

Representative Hepburn, of Iowa, who is now in Washington for a few days, in an interview Monday night paid a tribute to Hon. Frank Hume with whom he is well acquainted. He stated that it might be thought strange that he should feel a deep interest in a local contest, but that he could not help feeling a personal interest in the democratic primaries in Alexandria county district. He stated that if he had his own way Mr. Hume would be successful. He regards Mr. Hume as a man of ability, and says that the Virginian has often appeared before his committee at the capital and has always impressed the committee strongly.

Senator Martin who was in the city for a few hours Sunday night, and Monday morning, is much pleased with his senatorial prospects. He has never felt the slightest doubt of his reelection, and although he did not himself submit to being interviewed during his visit to Washington this time, he spoke to many of his friends who saw him in regard to the encouraging outlook in the state. Thus far it is claimed by his friends that sixteen nominations have been made throughout the state for the house of delegates, and that Martin has fifteen of them pledged to his support. It is stated on good authority that two members of the legislature who have been nominated, and who have been classed as doubtful on the senatorial question, Messrs. Glass, of Lynchburg and Donahoe, of Fairfax, are for Martin. Senator Martin's friends claim that of the nominations yet to be made that nine will be pledged to support his candidacy for the senate.

Col. William Lamb, the well known republican leader of Norfolk, is at the Shoreham Hotel for a few days. He stated the other day that there is no yellow fever scare at Norfolk, and never has been. The quarantine regulations, he says, were strictly enforced and rigidly observed.

In regard to the Martin-Tyler contest, Col. Lamb says that although a republican, he feels some interest in the election. He believes that the majority of the democrats in Norfolk and vicinity are favorable to Senator Martin's reelection. He says that while he disapproves politically with Martin, he believes he has been a faithful and efficient senator, and thinks it only fair to give him credit for his good services to Virginia.

Mr. E. A. Mason, of Chicago, is at the Arlington Hotel for a few days en route to North Carolina, where he is well known as a prominent manufacturer of cotton goods. He says that the outlook for democratic success in Ohio, Michigan and Illinois next year, is very encouraging. In Michigan especially, he says the chances for democratic victory are encouraging. A little while ago he was in Detroit, and the common belief there is that the democrats will sweep the state in 1900 on account of the Alger trouble. In Ohio the trouble he says is the opposition to Hanna, while in Illinois, the president's Philippine policy is bitterly denounced.

Lieutenant Pritchard, has been assigned to a board of survey which has been ordered to Savannah, Georgia, for the purpose of determining the responsibility for a certain quantity of clothing at the depot at Savannah for which Captain W. C. R. Colbourn

of the quartermaster's department is accountable.

Preparations are being made for the establishment of the free delivery system at Fredericksburg, Virginia, which will be put in operation September first. Four letter carriers have been appointed.

There appears to be considerable opposition to the re-nomination of Congressman Jones of the first Virginia district, who is regarded as the leader in the movement for the election of United States senators by popular vote.

TAR HEEL COTTON MILLS.

New Ones Being Erected and Old Ones Being Enlarged.

No one can doubt for a moment that the south is rapidly becoming the great section of the Union. In general industrial development it is outstripping all other sections of the country. And in the south no state shows greater advances than are being made in North Carolina.

A brief resume of some of the recent enterprises just completed, still under way, or contemplated for the immediate future, including the enlargement of existing manufacturing, will prove interesting reading.

The Long Shoals Company and the Daniel Manufacturing Company, of Lincolnton, are each building new cotton mills and the Elm Grove mill is adding new machinery.

A new \$150,000 cotton mill is to be at once erected at Shelby.

A 5,000-spindle cotton mill is being erected at Rutherfordton.

The Henrietta Company, of Carolina, is increasing the capacity of its plant.

A 5,000-spindle mill is being erected at Laurinburg.

The Henderson cotton mills are about to spend \$40,000 on new machinery.

The old paper plant at Falls of Neuse are to be rebuilt and changed into a 5,000-spindle cotton mill.

A new knitting mill is being erected at Weldon.

The Franklinton cotton mills are largely increasing their capacity.

A 10,000 spindle mill is being erected at Forest City.

The Pee Dee Manufacturing Company is erecting a 10,000 spindle mill at Rockingham, and it is very probable that a company will be organized for the building of another mill at this point before the end of the year. Steel's mill will hereafter work day and night, which practically doubles its output.

A company with a capital stock of \$80,000 will be organized at China Grove for the erection of a 4,000 spindle cotton mill for producing yarns. A site containing seventy five acres of land has been purchased.

The Winston Knitting Mills has been incorporated with capital stock of \$6,000 and privilege of increasing to \$50,000. The company established its mill several months ago and is operating nine knitters and ten sewing machines on ladies' cotton ribbed vests.

The Erwin Cotton Mills Company of Durham, B. N. Duke, president, has purchased 1,000 acres of riparian rights on both sides of Haw river, in Chatham county. It is proposed to develop the water power available and erect two large cotton factories.

A large cotton seed oil mill is to be built soon at Waxhaw.

A 20-ton cotton seed oil mill is to be built at Lattimore.

It is stated that it is practically assured that a silk mill will be established soon at Roanoke Rapids.

The new silk mill at Norfolk is meeting with great success. Its operatives have quickly learned the processes of plain silk manufacture, and the entire output has been contracted for by New York parties. The product of this mill is pronounced by good judges to be excellent, and this is borne out by the demand for its goods. —News and Observer.

INSURRECTION STRENGTHENING

At Negros and Cebu—Autonomist Government Disappointing.

By Cable to THE TELEGRAM.

Manila, August 13 (via Hong Kong, August 16).—Arrivals from Manila bring news from Negros and Cebu. They agree that the insurrection is gaining strength remarkably on both islands. Hitherto they had been counted most friendly. The news was received by Professor Schurmann with the greatest cordiality. Outbreaks are feared, particularly at Cebu, where some of the leading men have gone over to the insurrectionists. Many of the wealthy inhabitants are preparing to leave the islands, the result of the autonomist government at Negros proving disappointing.

FILIPINOS DEFEATED.

Manila, August 16.—The Filipinos sustained a severe defeat before Angeles today. Ten companies of the Twelfth infantry attacked twenty-five hundred insurgents entrenched near the town. After a fierce fight the Filipinos were worsted and driven back in disaster. Their loss was two hundred. Our loss was two killed and twelve wounded. The Twelfth occupied Angeles.

OUR BIG NAVY.

Uncle Sam will soon be abundantly prepared to enforce any imperialistic demands that he may see fit to make. It has been said by prominent naval authorities that when all the war ships that have been ordered by congress, and which are now building, shall have been completed, America will have but one master on the seas—England. Other nations may own more vessels and bigger ones, but for actual fighting qualities the advantage will easily lie with our navy. And to consider the item of the superior marksmanship of our seamen and their invincible valor, would place our fleet almost the equal of the queen's.

The monthly progress report prepared by the construction bureau on the condition of the work on ships and torpedo craft building for the navy, gives some idea of the vast energy America is stowing away for future hostile encounters.

But for the yellow fever scare at Newport News, which led to the departure of a large number of skilled mechanics for Northern yards, the keel-laying, which is now within six per cent of completion, would have been given her speed trial last month. The delay caused by the reduced force will probably prevent the trial being held before November. A sister ship, the Kentucky, is but one per cent behind and should have her official test before the close of the year. It is the department's intention to commission both ships soon after they have been accepted by the Government.

Of the three sister vessels, Illinois, Alabama and Wisconsin, the Alabama is within 11 per cent of readiness, and the Illinois 10 per cent. Behind her, while the Wisconsin, building at San Francisco, is 10 per cent. In the rear of the Illinois. All these vessels, according to official estimates, may be expected to be commissioned early next spring and assigned to some squadron. The new battleship Maine, building at the Cramps, is advanced 10 per cent, the Ohio, 4 per cent. The construction of the Missouri has just begun.

But one cruiser is building for the navy—the Albany, under construction at Sir William Armstrong's yard in England. This vessel is within 15 per cent of completion. Four monitors—the Arkansas, Connecticut, Florida and Wyoming—will be completed within the contract time. The report shows a large number of torpedo craft building at the various yards, varying in speed from 30 to 26 knots. Few of these have progressed more than 30 per cent. except the 30-knot destroyers Dahlgren and Craven which are practically finished. The Stringer is also in about the same condition.

The torpedo boat Fox, built by Wolf & Zwicker, on the Pacific coast, was today accepted by the Government.

The generosity ever exhibited by the people of the United States to suffering humanity is unsurpassed in the history of the world. A call for help, be it within our own borders or far away in the dreary stretches of Africa, never fails on deaf and unsympathizing ears when it is sounded in the "land of the free and the home of the brave." With benevolent societies and individuals all over the country contributing provisions, money, building materials, etc., for the relief of the storm sufferers, while the great shiploads of supplies are being transported free of charge by the New York & Porto Rico and the Old Dominion steamship lines and the Atlantic Coast Line and the Seaboard Air Line railroads, and while the Postal Telegraph-Cable company is handling all telegrams relating to the situation, gratis, our Porto Rican friends must be forcibly impressed with the warm-heartedness of the American people.

A circular has been issued by prominent Raleigh negroes calling for a conference of North Carolina negroes at that city on September 27th and 28th for the purpose of discussing ways and means for the improvement of the race industrially, educationally and politically. A negro, who will hold a high place in the meeting, says, according to the News and Observer, that they will organize to fight the constitutional amendment. No organization for this purpose is needed, as the race to a man will vote against the amendment.

The surest and only way we know in which to get rid of the obnoxious Filippinos is to introduce the Bubonic plague among them.

Notes of The Prowler

Yesterday afternoon while the Prowler sat smoking his calumet of consolation and ruminating apparently upon the vicissitudes of journalistic life, the melody to which we are treated every day unceasingly, began. Our friend listened awhile in silence—he had heard it often before—then turned to a table, seized a pencil and wrote the following, which he asked us to please print:

THAT FIDDLER.

That irrepressible fiddler, which I notice you mentioned some days since as hopelessly haunting these demesnes, continues to fiddle. He has no more regard for the laws of harmony than for the ear-lining of his neighbors. I have stood upon the mountain's side and listened to the mournful, night-splitting wail of a wildcat crossing Deep Gut; I have heard in the distance the clammy whine of the fox as he prowled through the glades of Turkey Trot; I have lain awake alone at midnight in haunted houses and trembled at the discordant wind breathing upon vibrating laths; but for hideous, soul-harrowing, diabolical sounds this lugubrious daylight serenader carries away the prize. Compared with the frightful utterance of his instrument, the squeak of the rusty door hinge is transporting melody, and the ominous screech-owl a divine songster. Its noise has all the blood-freezing qualities of the Jonesboro inebriate's groan when in the clutches of nightmare. It grates and jars on the sense of hearing as a ragged-tooth saw tears through the quivering flesh. Nervous prostration is induced, and all the demons of the jim jams are awakened. In his malignant renditions, the performer pulls from the fiddle "Just One Girl," as if she were the most wicked poor girl that ever tortured humanity; and "Just as the Sun Went Down" comes growling forth as if the diurnal orb were going down never to shed his radiance again.

When the dismal tune smites the air, everything of life in hearing distance assumes a hell gloom; the compositor takes on a hunted look; the editor's face reflects unspeakable despair; the typewriter whizzes in a vain endeavor to drown the noise. Every nook and corner is penetrated and even his Socratic Majesty, that uncanny being of the nether regions, slinks to the darkest spot of the house, and eating great gobs of black ink, gnashes his masticators in impotent rage. And in the Telegram office despair reigns supreme.

Wheat Growers Convene.

Greenwood, S. C., August 15.—The wheat growers' convention of South Carolina was in session here today. Nearly 500 farmers from different sections of the state were present. Representatives from Georgia and elsewhere were in attendance and they were made members of the convention. The object of the convention is to encourage wheat growing in the state. During the morning session there were short discussions on wheat culture. Several important addresses were delivered in the afternoon. The organization of the wheat growers' convention in this state is the outcome of the work already inaugurated in Georgia, the effect of which is now being felt in South Carolina.

Is It Right for an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.
It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this remedy in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by C. E. Holton, druggist.
"I like to hear a servant girl sing at her work. It shows a good disposition. 'Not always. I think our songs because she has a grudge against us.'"

"Here's something," remarked the magazine poet's wife while reading the paper, "that seems pretty hard to understand." "Cut it right out!" exclaimed the magazine poet joyously; "I can work it off on the editor of Scribblers for its weight in gold."

Cypress Leaves.

(Paris, 1792)

"See, Vergelaud, let me scatter ere you drink, These cypress leaves—may they be of Peace or a sign!"
The crystal flashed to meet the petals pink
And Madame Roland smiled above the wine.
A hush, as each Girondin from his place
Leaned eager for the toast to Liberty;
When lo! a saddened look on Vergelaud's face,
As he arose and faced the company.
"Not rose leaves, madame, should we quaff aught,
But rather leaves of cypress in our wine;
For, drinking to this blood-bought cause tonight,
Who knows? perchance we toast your death and mine."
"A votre sante! Madame—for me, I vow
With my life blood did yonder goblet reek,
To liberty I'd drain it then, as now,
And, dying, shout 'Vive, vive, la Republique!'"
Eulphant rang the cheers when Vergelaud ceased.
For hope lives ever in the hearts of men
Ah! had they known—a spectre at the feast,
Death stood, with cypress garland, even then.
—Rosedith Mills Powers, in Frank Leslie's Popular Monthly.

UNCLE SAM'S HOT BATHS.

The Hot Springs of Arkansas—Via the Southern Railway.

Will eradicate from your system the lingering effects of grip and other ailments caused by the severe winter, and malaria, rheumatism, neuralgia, catarrh, stomach, kidney, liver and nervous disorders, paralysis, blood and skin diseases, and chronic and functional derangements. The mountain climate of Hot Springs is cool and delightful in summer. 100 hotels open the year around.

For illustrated literature, containing all information, address C. F. Cooley, Manager Business Men's League, Hot Springs, Ark.
For reduced excursion tickets and particulars of the trip, see local agent or address W. A. Turk, Gen'l Pass. Agt. Southern Railway, Washington, D. C.

Kodol Dyspepsia Cure cures dyspepsia because its ingredients are such that it can't help doing so. "The public can rely upon it as a master remedy for all disorders arising from imperfect digestion."—James M. Thomas, M. D.; in American Journal of Health, N. Y. Howard Gardner.

A cheap joint—the soup bone.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

"Some men," says the Manayunk Philosopher, "appear to be so busy looking for work that they haven't time to take a job."

Irritating stings, bites, scratches, wounds and cuts soothed and healed by DeWitt's Witch Hazel Salve—a sure and safe application for tortured flesh. Beware of counterfeits. Howard Gardner.

Hoax—"Hello, old chap! You're looking fine. Been away on your vacation?" Joak—"No, I stayed home. My wife's away on hers."

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. C. E. Holton will refund your money if you are not satisfied after using it. It is every where admitted to be the most successful remedy in use for bowel complaint and the only one that never fails. It is pleasant, safe and reliable.

A soft answer turneth away wrath, but not over the telephone.

Hamilton Clarke, of Chauncy, Ga., says he suffered with itching piles twenty years before trying DeWitt's Witch Hazel Salve, two boxes of which completely cured him. Beware of worthless and dangerous counterfeits. Howard Gardner.

The chicken thief evidently believes that if a man can't make a living by fair means he ought to be a fowl.

All weak places in your system effectually closed against disease by DeWitt's Little Early Risers. They cleanse the bowels, promptly cure chronic constipation, regulate the liver, and fill you with new life and vigor. Small, pleasant, sure; never gripes. Howard Gardner.

Customer—"Is this a genuine split bamboo fishing rod?" Storekeeper—"Of course. Can't you see its reel?"

Free Pills.

Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of constipation and sick headache. For malaria and liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels greatly invigorate the system. Regular size 25c per box. Sold by C. E. Holton, druggist.

JOHN Y. MCKANE STRICKEN.

Has a Dangerous Attack of Vertigo and Drops on the Street.

John Y. McKane, the former ruler of Gravesend, was talking with two friends at Surf avenue and West Eighth street, Cohen Island, last night, when he was suddenly stricken with vertigo and fell unconscious to the ground.

He was carried into a neighboring building and Dr. Hill, his family physician, was summoned. McKane was taken in a cab to his home on Voorhies avenue, near East Twenty-fifth street, Sheepshead Bay, where it was said last night that he was still very ill but resting easily.

For the past six years McKane has suffered with heart trouble and of late he has had frequent attacks similar to that of last night. He is now fifty-seven years old.—New York Sun, 13th.

Lightning's Dread Work.

Lenoir, N. C., August 15.—Lightning struck the corner of the residence of John Barnett, on King's Creek last week, tearing off part of the roof, running down the corner part and tore off the ceiling on the first floor, which fell on the bed on which he and his wife were sleeping, but the head and foot board saved them from injury. A gun in the corner of the room had the stock torn off but did not fire.

POINTING THE WAY.

When a brave admiral in war time goes
into an enemy's harbor he knows that
the life of every man in the fleet
depends upon the success of his
mission. He knows that if he fails
he cannot retreat, and he knows
that if he succeeds he will be
responsible for the lives of
those who are dependent upon
his success. He knows that his
mission is a serious matter; that it
is a question of life and death.

"You have my many heart-felt thanks for
your kindly advice in my sickness," writes
Mrs. Clara Nelson, of New Heights, Los An-
geles, Cal., Box 31, in a cordial letter to Dr. R. V.
Pierce, of Buffalo, N. Y. "Also for your book
which I received two years ago, and which I
have had since I got it. I had a terrible
cough and Dr. Pierce's Favorite Prescription, together
with the advice given in his book, cured me of
five years' sickness. I thought my days would
not be long, but your kindness and medicine
would not let me die."

For more than thirty years Dr. Pierce
has occupied a grand and most unique
position for benefiting his fellow beings:
As chief consulting physician of the
great Invalids' Hotel and Surgical Insti-
tute, of Buffalo. Almost countless thou-
sands have sought his services and
found both in person and by letter.

"He is one of the best men in the
world," said the late President Garfield,
"and he is at the head of one of the best
medical institutions in the world." Dr.
Pierce's great thousand-page illustrated
Common Sense Medical Adviser is sent
free for 21 one-cent stamps to pay the
bare cost of mailing, or for handsome
cloth-bound copy, 31 stamps. He makes
no charge for consultation by mail; he
only requests that sufferers will state
their cases to him fully, freely, and in
perfect confidence. Address, Dr. R. V.

LOOKS RATHER SERIOUS.

Negotiations for a Settlement Likely
to be Broken.

Cape Town, August 15.—No reply
has been received here up to the pre-
sent from the Transvaal government on
the subject of the latest British propo-
sals for a peaceable settlement of the
questions in dispute and a dispatch
from Pretoria says the reply, when
sent, will be disappointing and that it
is feared the result will be the break-
ing off of negotiations. Great anxiety
prevails at the capital of the Trans-
vaal.

MAUSER RIFLES GIVEN OUT.

Pretoria, August 15.—The executive
council concluded its session at 12:30
p. m., when orders were issued to give
out Mauser rifles in exchange for Mar-
shall-Henri rifles. A great crowd gath-
ered to receive the arms. The possi-
bility of war with Great Britain is
about the only subject discussed and
it is generally felt the Burghers should
be considered before extreme measures
are adopted.

Bitten By a Shark.

Jacksonville, Fla., August 15.—De-
lano Wood, a 15-year-old boy, while
bathing in the river at Panama, near
this city, was bitten by a shark and
died from his injuries this evening,
four hours after the accident. His
left leg was almost torn from his body
and so badly lacerated that surgical
aid was of avail. The accident is un-
precedented in this part of the river,
fully 20 miles from the ocean. While
small sharks have often been seen near
the city, none of this size and ferocity
have been known within the memory
of citizens now living.

"At last!" shrieked Hamphat as
the climax in the melodrama ap-
proached. "Now is the time for me to
act." "Wai, do it," spoke up Four
Fingers Pete, grimly; "th' boys out
here air gittin' mighty tired of th'
bluff you've bin makin' at it."

A Mother's
Duty

It is to see to it that her
children begin early in
life to shampoo their
heads regularly once a
week. In each in-
stance, after the hair
is thoroughly dry, some mild, health-giving
tonic should be applied to the scalp to aid
nature in creating the best possible growth
of uniformly colored, lustrous, healthy hair—
the most important feature in the make-up
of beautiful women and handsome men.
For more than fifteen years, the

7 Sutherland Sisters'
Scalp Cleaner

has stood at the apex of all shampoo washes,
while the "Hair Growers" has been equal-
ly successful in its efforts to return to
injured scalp and almost lifeless hair
to their original healthfulness.

The

Cruel Knife!

It is absolutely useless to expect a
surgical operation to cure cancer, or
any other blood disease. The necessity
of such treatment is illustrated in the
alarming number of deaths which re-
sult from it. The disease is in the
blood, and hence can not be cut out.
Nine times out of ten the surgeon's
knife only hastens death.

My son had a most malignant cancer, for
which the doctors said an operation was the
only hope. The operation was a severe
one, as it was necessary to cut down to
the jaw bone and scrape it. Before a
great while the cancer returned, and be-
gan to grow rapidly. We gave him many
remedies without relief, and finally
upon the advice of a friend, decided to
try the Swift's (Swift's Specific), and with
the second bottle he was cured. After twenty bottles had
been taken, the cancer disappeared entirely.
Now, for he is now seventeen years old, and has
never had a sign of the dreadful disease to re-
turn.

Mormons Arrested.

Chattanooga, Tenn., August 15.—
Saturday two Mormon elders were ar-
rested in Taylor county, Ga., for re-
fusing to pay poll taxes. The elders,
claimed they were preachers and ex-
empt. The judge of the Superior
Court stated from the bench that he
refused to recognize them as preachers
and assessed a fine. The elders had
no money and were started off to jail,
but succeeded in getting the jailer to
accept their watches as security until
they could send for money to pay their
fines. President Rich, of the Southern
Mormon Society, says he will proceed
in the courts against the Taylor county
judge.

lawyer and excellent gentleman, of
Danbury, passed through today en-
route to his home in Rockingham
where he will spend a few days with
relatives.

The Oxford Orphanage class, who
appeared at the Academy last night,
left this morning for Wilkesboro,
where they give a concert tonight.
While here the orphans were the
guests of the Masons and not of the
Odd Fellows, as the absent-minded re-
porter put it yesterday.

Mr. Higgins, a former clerk in Hol-
ton's drug store here, but more recent-
ly of Salisbury, has been appointed
hospital steward at the state peniten-
tiary and passed through the city to-
day enroute to Raleigh to begin work.
Mr. Higgins has many friends here,
who will feel that this is a good ap-
pointment.

Captain W. H. Day, superintendent
of the state penitentiary, spent last
night and this morning here and left
at noon for Raleigh. Capt. Day was
returning home from a visit to the
Anson county farm and stopped over
here to see Col. W. H. Osborn, one of
the directors of the pen. He reports
the crops on the Anson farm as doing
very well and that everything con-
nected with the farm is in good order.

Do you want a handsome parlor
carpet? Thacker & Brookmann
have opened their new fall sam-
ples of Magette, Axminster, Velvet
and Brussels carpets and are prepared
to make very low prices on these ele-
gant and up-to-date styles. They are
from one of the largest Philadelphia
carpet factories and as it costs Thack-
er & Brookmann practically nothing to
handle the line in this way they can
afford to cut the profit very close.

ANNUAL MEETING

Of the Industrial and Immigration
Association.

Greensboro, N. C., Aug. 14, '99.
The postponed annual meeting of
the Industrial and Immigration Asso-
ciation will be held at the court house
on Monday night, August 21, at 8:30.
The regular time for this meeting
coming as it did in the midst of prepa-
rations for gala week, it was deemed
wise to postpone until after the festi-
vities of that occasion were over that
we might have a full meeting of the
members of this association and its
friends. It is desired by the manage-
ment to render a full and complete ac-
count of their stewardship. New officers
will be elected at this meeting, and
everyone interested in the growth and
development of Greensboro should
attend and use his best judgment in
selecting such men as are in a po-
sition to use their time, money and in-
fluence in developing the city's manu-
facturing interests.

We would advise that Mr. M. V.
Richards, land and industrial agent
of the Southern Railway, formerly
occupying the same position with the
Baltimore & Ohio Railroad, and one
of the highest authorities on indus-
trial progress in the United States,
has consented to be present at this
meeting and deliver the address of the
evening.

Please let the association have your
cooperation in making this meeting a
success and in laying plans that will
greatly increase its usefulness during
the next year.

W. M. Barber, J. S. Hunter,
Secretary. President.

A WORD OF APPRECIATION.

A Good Newspaper a Potent Factor
in a Community's Prosperity

Editor Telegram—If not too late
allow me to congratulate you on hav-
ing reached your second milestone.
You are giving us a clean, neat paper,
worthy of the support of our people.
There is no difficulty in seeing on
which side of a question the Telegram
stands. It is perfectly open and can-
did in expressing its opinion and
stating its position. It doesn't stop
to ask what is expedient, but takes
what it believes to be the right side of
every moral question and stands
firmly by it. It is to be hoped that
our people will give the Telegram
their cordial and hearty support. A
good newspaper is a very potent fac-
tor in the material and moral pros-
perity of a community.

As a citizen of Greensboro I felt it
in my heart to write this word of
appreciation.

Livingston Johnson.

Hearing Postponed.

The hearing of the Benbow bank-
ruptcy case before J. R. McCrary,
referee, was continued yesterday
afternoon until September 18. The
examiners will meet again Saturday
to read the evidence over and allow
Dr. Benbow to correct any mistakes
that may have been made by him or
the stenographer. The evidence will
be used before Judge Ewart at Ben-
dersonville on the 22 inst. We un-
derstand that if the injunction granted
by Judge Ewart is not sustained fur-
ther examination will be useless.

Shoes a' Flying

Our July reduction sale is being
pushed with vigor.

We are adding luster to our fame
as price cutters. We are prosecuting
this July reduction sale with greater
vigor than ever before, as we were
caught with a tremendous stock of
shoes on hand in anticipation of a big
spring business. Had a better trade
than usual, but can not afford to car-
ry any shoes over. Every pair of
Men's, Women's, Misses', Children's
and Boys' shoes in the house reduced.
